Execution Stay Granted Two in Hamm Slaying

LITTLE ROCK (AP)—A federal judge yesterday stayed the execution of two Miller County Negroes after the condemned men at what was to be their last meal and had their heads shaved.

James M. Moore, 22, and Rogers Boone, 26, were scheduled to die in the state's electric chair at Tucker Prison Farm at dawn today for the murder of a white man.

Judge J. Smith Henley stayed the execution at the request of their Negro attorney, Harold Flowers of Pine Bluff, some 14 hours before they were scheduled to die. Henley said he would review the case early next week.

Flowers took his appeal to the federal court after the Arkansas Supreme Court turned down a plea for a stay Wednesday.

Boone and Moore and Willie H. Byrd, 26, and James Boyd, 22, were convicted in the 1956 robbery slaying of M. R. Hamm, 76, near Texarkana. Byrd and Boyd are scheduled to die Feb. 19. Their execution was not stayed.

Flowers said the condemned men were "painfully" awaiting their execution.

"Moore is cringing under his bed," he told Henley.

Flowers' appeal was based on a confession by Boyd which was voided as illegal by the court when Boyd was tried. However, Moore and Boone already had been convicted in separate trials and the confession had been used against them.

"I hate to see two boys go to the electric chair on a confession that the court itself has said was illegally obtained," Flowers said.

Henley issued an order for the state attorney general's office to show cause by 4 p.m. Monday why the two Negroes should not be released on a writ of habeas corpus.

Judge Henley said he would set a hearing on the petition for a writ of habeas corpus for later in the week, probably Thursday. He said he would attempt to set the hearing so it will not require a stay of execution in the other cases. Flowers said he wanted to call Boyd and Byrd to testify at the hearing.

The four originally were convicted in a joint trial at Texarkana, but the state Supreme Court reversed the verdict.

Moore and Boone later were tried separately and convicted again. Boyd and Byrd were reconvicted in a joint trial. The Supreme Court affirmed these convictions.

Assistant Prison Supt. Jim Bruton went to death row to inform the condemned men of the postponement. He said both heaved sighs and told him, "Thanks, Cap'n."

Methodist Choir Has New Robes

Jury Collecting Tax Receipts

HOT SPRINGS, Ark. (AP)—The Garland County Grand Jury today continued collecting personal property tax receipts after Foreman Joe McRae assured residents there was no reason to fear political reprisals.

McRae said the jury had heard some taxpayers were afraid of such repercussions if they gave the jury the receipts requested by McRae in a newspaper advertisement.

Grand jury proceedings are secret. McRae said none of the evidence considered by the Garland panel will be made public.

About a dozen persons reportedly turned over tax receipts to the jury yesterday. McRae called for certain receipts covering the years 1952 through 1958 in connection with a jury investigation into the manner in which former Collector Ray Owen operated his office.

Sutton in Race for Tax Assessor

The Star has been authorized to announce the candidacy of Carter Sutton for the office of tax collector. He issued the following statement:

"In announcing my candidacy for the office of Tax Assessor of Hempstead County, Ark., I first want to thank all of the people of this county, from the bottom of my heart, for the splendid vote I received two years ago. As you know this splendid vote placed me second only to my good friend, who is now serving as our tax assessor, which certainly encourages and prompts me to make this announcement.

"Now with the many solicitations and much encouragement that I received, I am again asking your vote and support for the office of Tax Assessor. Believing that I am better qualified to serve you than I was two years ago, because I have given much thought and study to our assessment program and the duties involved upon the person carrying out the program.

"I expect to make an active campaign and hope to see each of you during the campaign and will appreciate your support.

Respectfully,
Carter Sutton

Farmers in the DeAnn area have reported seven head of cows and one hog that either died or had to be destroyed due to rabies, according to Calvin Caldwell, the County Agent. This disease, if allowed to go unchecked, will get worse.

In order to give people who own dogs another opportunity to have them vaccinated against rabies, a new schedule for vaccination has been set up for certain areas of the county. The vaccine will be provided and administered by Dr. Rogers, Veterinarian, for \$1 per dog.

The vaccination schedule is set up so that we may leave the vaccination center at the designated time for each stop. The new schedule for Monday, Feb. 15 is as follows:

8 a.m. Long's Store, Washington Highway; 9:30 DeAnn near Samuel's Store; 9, Blevins near Vicks Store; 9:30, McCaskill at TCI Center.

Full cooperation of every dog owner in the vaccination program will help stamp out rabies in Hempstead County, the county agent said.

Clear Skies Follow Storm in Midwest

By THE ASSOCIATED PRESS

Skies cleared and temperatures dropped in the Midwest today as road crews continued clearing snow-covered roads and highways in the wake of winter's worst snowstorm.

Many small towns remained isolated from the storm, which dumped foot-high falls of snow from the Great Plains to Michigan. Travel on some highways in Wisconsin and northwestern Illinois was slowed by stalled cars and snow drifts.

No heavy snowfalls were indicated during the day in most of the country.

However, a snow belt stretching 400 miles was reported in Texas. Only other wet spots were in the central Rockies, which reported snow flurries, and in south central Texas, hit by showers. Skies were clear in the southwest but cloudiness was reported in most other sections of the country.

It was below zero again today in northern Midwest areas, with -11 at Grand Forks, N.D., one of the lowest readings.

Colder weather moved into the Atlantic Coast states after Thursday's unseasonably high temperatures. The mercury climbed to 66 in Newark, N.J., a record for Feb. 11, as was the 57 in Windsor Locks, Conn. It was 66 in Baltimore and 56 in Boston. New York's mild 60-plus readings were marred by wind gusts up to 60 m.p.h.

Guild in Settlement

HOLLYWOOD (AP)—The Writers Guild of America now has reached a settlement with 37 independent film companies in a dispute over revenue from post-1948 films released to television. The guild reached agreement with three more film companies Thursday—Gary Cooper's Anston Productions, Otto Preminger's Baroda and Carlyle Productions and Kirk Douglas' Bryna Productions.

The independents reportedly agreed to pay writers four percent of the producers' TV profits. The guild's month-long strike against major film studios is continuing.

ABC Calls in Beer Outlet Operators

LITTLE ROCK (AP)—Operators of four Arkansas beer outlets have been notified to appear before the state Alcoholic Beverage Control Board Tuesday to defend their permits.

Ted R. Christy, acting ABC director, said yesterday that complaints had been made against these establishments:

Ike's Cafe at Newport because the owner, Aubrey Eleher, allegedly removed beer from the cafe for sale at his home.

Gene's Barbecue Lounge at Fort Smith for allegedly selling beer to a minor.

The Rocket 44 Tavern and the Red Room Cafe, both at Marked Tree, for allegedly selling beer to minors.

Brisk, Frigid Air Sweeps Into Third of Nation

By THE ASSOCIATED PRESS

Brisk north winds swept frigid air into the eastern third of the nation today.

A big freeze held fast in the north central section. Temperatures sank to lows of -15 in International Falls, Minn., -11 in Grand Forks, N.D., -6 in Duluth, -2 in Omaha, -1 in Green Bay, Wis., to zero in Madison, Wis., and Jeppolis-St. Paul.

The Mohawk River spilled over today at Schenectady, N.Y., because of an ice jam and a runoff of melted snow and Thursday's rain. Several families were evacuated from lowlands by boat. Snow plows bucked drifts piled up by the midweek snowstorm in the Midwest.

Woman Gets Pardon After 18 Years

SPRINGFIELD, Ill. (AP)—A California housewife and mother who lived in secret fear for 18 years as an Illinois parole violator has been granted a full pardon.

Gov. William G. Stratton, who announced the pardon of Irene Marie Robbins, 45, said "she'll never have any problems from this."

At her home in Gardena, Calif., Mrs. Robbins told a reporter: "I thank God for the governor and all those wonderful people who stood behind me. I'm so happy I could cry."

Stratton said there was no point in breaking up the family of someone who has achieved the status of a good citizen.

Mrs. Robbins, wife of an accountant, Franklin Robbins, and a leader in community and school affairs, had always wanted to reveal her secret but she didn't, not even to her husband or her four children.

But her secret was disclosed Feb. 3 when sheriff's deputies arrested her as a parole violator from Illinois.

Involved in a traffic accident and a fingerprint check disclosed she was the former Ruth Crum of the Chicago area who married and left Illinois in violation of parole.

In 1933 she had been sentenced to the Women's State Reformatory after pleading guilty to being an accessory to a burglary.

She said she had waited in a car while a male companion committed the burglary. She was paroled after serving three years, married Robbins and left Illinois without permission of the Parole Board.

Apparently the DeAnn area is in the process of being placed under rabies quarantine — seven cows and a hog have either died or had to be destroyed in that area.

Argentine War Ships Cripple Mystery Sub

By BRIAN BELL

BUENOS AIRES, Argentina (AP)—Argentine warships have crippled a mystery submarine, hiding in a southern Argentine gulf and capture of the sub is imminent, Navy Secretary Gaston Clement announced Thursday night. Government authorities claimed the underwater intruder was successfully trapped after 12 days of hide and seek near the Argentine naval base at the head of Golfo Nuevo, 650 miles southwest of Buenos Aires.

Argentina claims the entire gulf—a 20-by-40-square-mile body of water opening into the South Atlantic—as her territorial water.

Rear Adm. Clement for the first time confirmed newspaper reports that the submarine had been attacked, both on the surface and under water.

He told newsmen that the sub is forced to come to the surface every 48 hours, showing she had suffered serious damage from depth charges and artillery shells fired by Argentine warships.

Argentine authorities have been silent on the likely identity of the submarine. Both the United States and Britain said none of their submarines are operating in the area.

"This is the third foreign submarine scare in Argentine territorial waters within 21 months. The navy announced the other two got away after being detected. Unofficial naval sources said then those two were believed to be Soviet."

Three Argentine warships on training duty reported spotting the latest submarine Jan. 30 in the Golfo Nuevo. The warships sealed off the narrow mouth of the gulf to prevent the submarine from escaping into the Atlantic. Additional ships were rushed to the scene.

The Argentine government sent a rush-order to Washington for additional high-powered antisubmarine equipment. The U.S. Navy announced Thursday night that two planes are flying the equipment here by this weekend. It includes depth charges, electronic spare parts, electric testing devices and aircraft flares.

Founders Day Held at Hope High

Founders Day was observed at the PTA meeting held at Hope High School on Thursday, Feb. 11. On stage were James H. Jones, superintendent of Hope Schools; Mrs. John B. Lowe, PTA Council member; Mrs. Jud Martindale, president of the Paisley PTA, which had charge of this year's Founders Day arrangements and Mrs. J. R. Sink, Newport, a past president of the Arkansas PTA Congress.

Guest speaker for the afternoon was Mrs. Sink, who brought an appropriate Founders Day message to the group. Two Life Memberships in the PTA were then presented.

The Junior-Senior High School PTA gave a Life Membership to Mrs. B. B. McPherson, an instructor at Hope Senior High and the Hope PTA Council gave a Life Membership to Earl Downs, student counselor at Hope Senior High. Mr. Jones made the presentations.

A tea followed at the Home Ec Cottage served by Mrs. H. E. Hanagan and her Home Ec students. Mrs. Fred Ellis, Founders Day Chairman, invited the guests into the dining room where cookies, nuts, mints and punch were served.

Mrs. Paar, with her husband as he was interviewed, said she backed his decision to quit the NBC show. And that she also was looking forward to a long vacation.

NEW YORK (AP)—Jack Paar, simmering over a censored anecdote on his Wednesday night NBC television show, boiled over emotionally Thursday night and walked off the program. He said he was leaving the show.

The show was being taped before an audience in an NBC studio when Paar commented about "an idiot" cutting him off the air for about five minutes Wednesday evening, said "there must be a better way of making a living," and stalked off-stage.

"I believe I was let down by this network at a time when I could have used their help," said Paar.

DOROTHY DIX

Don't Forget That Valentine!

I'm spotlighting St. Valentine on this, Lincoln's Birthday, and using a Lincoln story later, because of Kenneth, the boy who wrote the following letter:

Dear Dorothy Dix:

I'm 15 years of age and have been dating this very nice girl (steady) for about nine months. She is six months older than I. We see one another three times a

week and I go to church with her often. I haven't mentioned to my parents how I feel about her, but I think they know. She won't talk to another boy. She told me she loved me and I told her that I felt the same way about her. I've heard that everyone our age goes through a stage of "puppy love" but I think this is the real thing. Please, give your opinion.

Kenneth

Dear Kenneth: "Puppy love," if deep and abiding, can mature into a great love. The touching sincerity of your letter makes me believe that you have this kind of love for your girl. Just because you are young doesn't mean you lack depth of feeling. There have been classical examples of great young loves. Dante was only 18 when he fell in love with Beatrice. Daphnis and Chloe were mere children yet their love story is as alive today as it was centuries ago.

I'm opposed to going steady as a rule, but yours is the exception. Your love for this girl could become the love of your life. Help it along by sending her a Valentine.

the Iris Garden Club met there on Feb. 9. Assisting in the duties of hostess was Mrs. C. P. Tol-

son.

Each member brought a flower arrangement in a pitcher and in voting, the first place went to Mrs. J. W. Cunningham; second to Mrs. Billy Dan Jones and third to Mrs. Billy Ray Seale. The

spring hat show was discussed during the business session, which was conducted by Mrs. Jones, the president.

Cake, strawberry sundae and coffee were served for refreshments at the conclusion of the afternoon.

Mrs. Harry Shiver Hostess to Rose Garden Club on Friday

The Rose Garden Club of Hope met in the home of Mrs. Harry Shiver on Feb. 5 with Mrs. Herbert Dodson associate hostess. Early spring flowers made the setting even more attractive. The president, Mrs. J. O. Luck opened the meeting with "The Year Around Garden for Club Member."

The club collect was repeated in unison. The members answered the roll call with the name of a flower beginning with "P." After a routine business meeting, the program was presented by Mrs. Dodson.

She discussed "An Arrangement Using Stone." Mrs. Luck conducted an interesting "True or False" quiz about stones. A salad plate and coffee were served to 12 members and one guest. Mrs. W. C. Bramlett.

an encouragement that is possible. Marriage, is a sensitive plant, at best, and, to survive, must be understood, nurtured, and given the sunshine of courtesy.

Maybe the real issue is your mother-in-law. How about you and your wife starting life over again sans Mama?

Dear Dorothy Dix:

I am 18 and very fond of a boy now on a mission for the church. I didn't know how happy I was for him because I felt bad he was leaving so soon. I think of him an awful lot and wonder what he is doing. Well, or wait and hope I hear from him? What step shall I take next? How do I go about it? — L.A.

Dear L.A.: Write your friend the truth. Tell him how happy you were for him. Wish him success and a safe return and say you'd enjoy hearing of the inter-

esting places he is visiting. Ross in a little piece of local news about his own or in local friends, but don't tip your hand by being over-friendly. The bill should be casual.

LOOK AT THE LOWER PRICES

List prices as much as \$76.05 lower on popular models with popular equipment

The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example—with Turboglide, push-button radio and de luxe heater—lists for a whole \$76.05 less! Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!

Softer, more silent ride with coil springs at all four wheels and new butyl rubber-cushioned body mounts.

Big brakes for quicker, surer stops. Rivetless bonded linings mean they last longer, too.

More room to relax in, Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.

Only full wraparound windshield among the leading low-priced cars.

Electric windshield wipers keep sweeping even when you speed up to pass.

Vent windows crank open and closed. So much simpler than fighting those tricky little catches.

Economy Turbo-Fire V8. Or how to get up to 10% more miles per gallon of regular and still have lots of "git."

Thriftest 6 in any full-size car. It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.

Widest choice of power teams. 24 engine-transmission teams in all, with output up to 335 h.p.

A trunk that's made for long trips with up to 22.5" more actual luggage space. Sill's lower for easier loading.

Fisher Body craftsmanship. Look at the finish, the fabrics, the detail work. You'll see the difference.

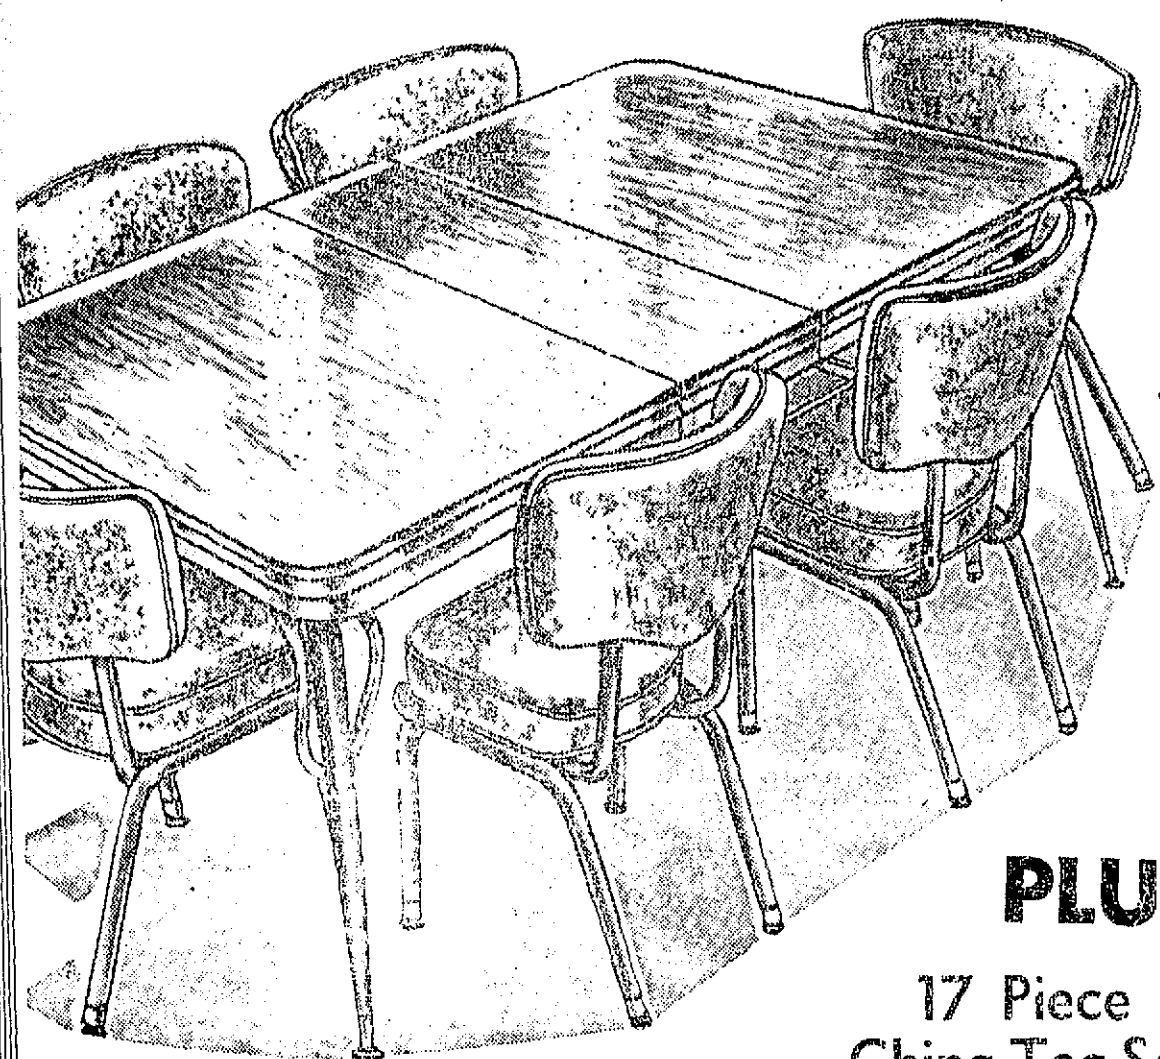

Drive it—it's fun-tastic! See your local authorized Chevrolet dealer for fast delivery, favorable deals.

St. John's Not a Team to Be Taken Lightly

By BEN OLAN
Associated Press Sports Writer

A few weeks ago, Coach Joe Lapchick of St. John's warned future opponents not to take his New York Itedmen too lightly, despite their slow start. Today, the West Virginia Mountaineers realize Lapchick knew what he was talking about.

Thursday night, the New York club knocked off the fifth-ranked Mountaineers 79-73 for its seventh straight triumph. The victory came after New York University defeated Manhattan 75-74 in the opener of the Madison Square Garden doubleheader. That game erupted into a melee near the end when NYU's Tom Sanders and Manhattan's Charley Koenig squared off in a fist fight.

Neither was it a particularly good night for two other teams ranked among the first 20. Miami of Florida, No. 10, was upset by

Miss Mackenzie Leads Golf Field

ST. PETERSBURG, Fla. (AP)—Muriel Mackenzie and Jo Ann Prentice lead a field of 118 at second round play in the \$7,500 St. Petersburg Women's Open Golf Tournament got under way today.

Miss Mackenzie, of Pinellas Park, Fla., carded a 69, 2-under par, in the first round Thursday as did Miss Prentice of Birmingham, Ala.

Miss Prentice played with an injured thumb, but the handicap didn't affect her impressive putting or drives on the 6,116-yard Sunset Golf Country Club course. Kathy Cornelius of Lakeland, Fla., fired a hole-in-one on the 108-yard fifth. She tied with Patty Berg of St. Andrews, Ill., at 70.

Stetson 73-72 and North Carolina, No. 13, was tripped up by Wake Forest 60-60. Eight-ranked Villanova, however, rode over Pittsburgh 76-69.

Jerry West, West Virginia's All-America, gave a great performance against St. John's as he scored 32 points, but his individual efforts were not enough to offset the all-around fine play of the Redmen. St. John's attack was paced by Tony Jackson with 20 points. The setback was West Virginia's third in 22 games. St. John's is 63-35.

Jon and Jeff Feldman, George Washington's pint-sized twins, scored 40 points between them as the Colonials whipped Virginia Military Institute 95-78. Jon had 25 points.

Lion Players Asked to Say We're Happy

By DAVE DILES
Associated Press Sports Writer

DETROIT (AP)—At least a dozen members of the Detroit Lions football team have been asked by the club to write letters to the front office, stating they are happy with present management and want to play here again in 1960.

President-General Manager Edwin J. Anderson, who instructed Coach George Wilson to phone players and make the request, said it was "routine procedure."

He said the club is trying to ascertain if the players want to play here next season.

"We keep hearing and reading reports that some members of our

Alpine Skiers Run Test at Squaw Valley

SQUAW VALLEY, Calif. (AP)—Olympic Alpine skiers run a test today on one of the most controversial features of the fast approaching winter games—the men's downhill ski course down Squaw Peak.

Ever since the games were awarded to this valley in California, abuse has been heaped almost as deep as the snow on the downhill.

Thursday, Austria's Anderl Molterer gave a somewhat different version of the steep, two-mile course on which skiers reach mile-a-minute speeds.

"The upper part is devilishly difficult," he said. "If the snow is right, there will not be a surprise winner."

Previously Austrians claimed luck and not skill would play the major role in the race.

West German Coach Fritz Huber declared, "If there is new snow on the course, it will be easy, if it is icy or if there is hard snow, the extremely difficult upper part may be decisive."

Today's inspection won't see any high speeds. Skiers go down in groups with a series of stops to view crucial stretches.

Royals End 14 Game Losing Spell

By THE ASSOCIATED PRESS

The Cincinnati Royals have ended their losing streak at 14 games, one short of the National Basketball Assn. record, but Coach Tom Marshall has had enough.

Marshall announced before Thursday night's 111-108 defeat of the Lakers at Minneapolis that he will resign as Cincinnati coach at the end of the season. The Royals are deep in the Western Division cellar, 22½ games back of the leading St. Louis Hawks.

The Philadelphia Warriors snapped a losing streak of three games as they beat the Hawks 139-120 without their scoring ace Walt Chamberlain. The league's

team want to go to the Canadian League and to the new American Football League. So we decided we'd better find out just which ones want to play here," Anderson said.

He explained that when the National Football League meets in Los Angeles March 11, each club must present the names of three veteran players to the new Dallas club that starts operations next season.

The players said they were urged by Wilson to write letters, saying they are happy under the present setup and that they plan to return next season.

Some players wrote letters to the club. Others declined. Several of the Detroit players are grumbling and threatening to play out their options so they can become free agents after next season. They then could play for the highest bidder. But playing out the option, rather than re-signing a contract, can mean a salary cut of 10 per cent if the club elects.

Anderson said the Lions had never asked the players to write such letters in other years, but added "we've never been faced with the American Football League, either."

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.
